Photo Courtesy: ullstein bild/Getty Images Whether you're a kid looking for a fun afternoon, a parent hoping to distract their children or a desperately procrastinating college student, online games have something for everyone, and they don't have to cost you a penny. From flashy arcade games to complex strategy games to immersive role-playing games (RPGs), the type and number of free games on the internet is nearly limitless. If you're new to online games, you may be at a loss as to where to start — after all, there's no shortage of options to choose from. With these tips in mind, however, you can find games that are sure to provide you with a good time. Stow Your Credit Card and Personal Info Before you do anything, you should know that you really don't ever have to spend money on a website to play free games. Although some online gaming websites, such as Pogo, offer premium memberships with access to more games and extra features, they generally provide free games to play as well. And if a website asks for your credit card while promising not to charge it, get out of there — the website is almost certainly a scam to get your credit card info. Photo Courtesy: Matt Cardy/Getty Images It's more common for websites to ask for your email address to create a player profile. This is generally safe and may even unlock additional features on the site, but it's also rarely necessary to play games. If you don't feel comfortable giving out your information, or if a website seems sketchy and doesn't turn up many search results, move on. The other thing you should be wary of when looking for free games is any site that requires you to download software to play games. While there are plenty of quality and trustworthy games you can download from places like Steam, the kind of game you play on your browser generally shouldn't require any program to run other than Adobe Flash Player or Java. Photo Courtesy: Matthew Lloyd/Getty Images Even then, you should only download those programs from their manufacturer's pages. When in doubt, search the name of the program separately rather than trusting a link to take you to the real site. Be Mindful of Child Safety While online games are a lot of fun, they're not always a completely safe choice for children — even older ones. Some free gaming sites make it possible for users to create accounts so that players can chat and interact with other players. Although this is a nice feature for adult gamers, it does mean that children could potentially be talking to literally anyone over the internet. Photo Courtesy: Mohammed Abed/Getty Images Parents should inform their children never to give out personal information online, especially anything that could potentially identify them. Meanwhile, children should understand that people on the internet aren't always who they say they are. If a website with an online chat feature is deemed too risky for a child, they should instead play on a site like ABCya that is specifically designed to provide children with a safe environment. Either way, adult supervision for younger children is generally the best option. Start Playing With all of that out of the way, the only thing left to do is start playing. Many large, trusted organizations that you're likely already familiar with offer games for all ages. Children might enjoy the mayhem on Cartoon Network's gaming page or the more educational fare from PBS. Meanwhile, Adult Swim has games that are more appropriate for mature audiences, while the AARP even has a website that proves online gaming really is for all ages. Other major (and trusted) online gaming sites that you may not have heard of include Addicting Games, Armor Games, Kongregate and many more. Photo Courtesy: Picture Alliance/Getty Images MORE FROM QUESTIONSANSWERED.NET Photo Courtesy: Gallo Images/Getty Images Gaming is a billion dollar industry, but you don't have to spend a penny to play some of the best games online. As long as you have a computer, you have access to hundreds of games for free. From MMOs to RPGs to racing games, check out 14 of the best free online games.Star Wars: The Old Republic Star Wars: The Old Republic received a lukewarm response when it launched in 2011, but several changes since then have significantly opened up the appeal of the game. While the most obvious tweak was a shift to a limited free-to-play model less than a year after release, there have been a lot of more subtle changes that are good news for everyone. Photo Courtesy: Joe Klamar/Getty Images Only interested in the story? You can comfortably play solo all the way up to level 60. Do you love PvP action? You can skip all the way to level 60 upon character creation. Best of all, you no longer need to spend money to avoid endless grinding. There's never been a better time to visit a galaxy far, far away.Alien Swarm is a free online game available from Valve that pits you and up to three friends against alien monsters. While the game is admittedly dated at this point — it was released in 2010 — it continues to have an active fan base. If the numerous classes, weapons, characters and areas get old, you can always use the included map generation tool and mod kit to create your own dream bug hunt.League of Legends League of Legends has been around for more than a decade, and it's still going strong. Players must work together to dominate the map in a fantasy world, and the game takes skill and practice — not to mention good teammates — to master. League of Legends tournaments are popular e-Sport events, so if you'd like to watch the pros go at it before trying the game out for yourself, you certainly can. Photo Courtesy: Chesnot/Getty Images Impressively, League of Legends has been so successful that its maker, Riot Studios, has had little need to put out other titles. It wasn't until 2019, a full decade after League of Legends' release, that Riot Studios put out its second game, Teamfight Tactics.Dota 2 Similar to League of Legends, Dota 2 is a multiplayer online battle arena (MOBA) game with players competing for control of a map. While the mod can trace its origins to a mod made for Warcraft III called Defense of the Ancients (commonly abbreviated DotA), Dota 2 is a game in its own right. Photo Courtesy: Suzi Pratt/Getty Images While the game remains one of the biggest names in e-sports, Dota 2 has seen a decline in player numbers since its release in 2013. For regular players looking for a free game to enjoy, however, Dota 2 is still a good time.Forza Motorsport 6 Apex RPGs and MOBAs aren't for everyone. Forza Motorsport 6 Apex is a free online racing game that's essentially a slimmed down version of Forza Motorsport 6 for the Xbox One. While you only have six tracks to choose from, they're the same as the original game, and you have your choice of sixty cars to race on them with some truly phenomenal graphics. In fact, the main downside of the game is simply that you need a powerful computer to run it at maximum graphic settings.Fortnite Battle Royale Fortnite Battle Royale took off to become possibly the most popular game of 2018, and in doing so, it reinvigorated the battle royal game genre, with competitors like Call of Duty: Warzone soon springing up in its wake. Players engage in an epic battle to be the last one standing in a game of intense yet zany combat gun and melee combat. Online play is possible through PC, Xbox One, PlayStation 4, iOS and Android devices.Photo Courtesy: Bloomberg/Getty Images Hearthstone: Heroes of Warcraft Hearthstone: Heroes of Warcraft is a free online game modeled after the Magic: The Gathering card game. It has a basic rule set that's easy to learn but difficult to master. While knowledge of the greater Warcraft universe can make the cards themselves more enjoyable, no knowledge of previous games is necessary to enjoy Hearthstone. Unlike some free online card games, you also don't need to spend money to have a competitive deck. CCO/EvanLee/Pixabay Lord of the Rings Online Lord of the Rings Online may have been released in 2007, but while many other MMOs from that time have fallen by the wayside, this game continues on, in part because it appeals to hardcore fans. For Tolkien enthusiasts, the game is almost a Middle Earth theme park that you can visit from the comfort of your own home Photo Courtesy: @lotro/Twitter While some content does require a purchase, you can earn most of it for free with a bit of patience. Considering the rewards are fighting orcs in Mordor and protecting pies from hungry hobbits in equal measure, the rewards are well-worth it. Pinball Arcade While there are many pinball games out there to choose from, Pinball Arcade is special in that it attempts to recreate actual pinball machines so that you can play them from the comfort of your home. The base game on Steam comes with Frankenstein, Flight 2000, Ripleys, Starship Troopers and Star Trek Vengeance Premium tables, and you can pay for more if you enjoy the game enough. Additionally, other versions of the game have been released for Xbox 360, Xbox One, Playstation 3, Playstation 4, Android and iOS phones and more. MORE FROM QUESTIONSANSWERED.NET World's Largest Sheet Music Selection Skip to main content Flute; Oboe; String Orchestra; Violin (Score & Parts) - Grade 3-4Solo Violin, Flute or Oboe with String Orchestra.
